Re: Medley Farm Site

Dear Mr. Bornholm:

I am writing on behalf of the Medley Farm Site Steering Committee. The Steering Committee hereby requests in accordance with the National Contingency Plan, C.F.R. § 300.430(f)(3)(i)(C), a 30-day extension of the public comment period on EPA's proposed plan for remedial action at the Medley Farm Site. The Steering Committee would like to file written comments on the proposed plan. As the Steering Committee is currently working to address EPA's and the South Carolina Department of Health and Environmental Control's (SCDHEC) comments on the Risk Assessment and Draft Feasibility Study for the Site, we are unable to prepare and submit comments on the proposed plan for remedial action within the initial 30 days for public comment.

If you have any questions regarding this request, please contact me at 572-3585.

Sincerely,

*Mary Jane Norville*
